- Manners are very important
- Be prepared to remove your shoes when entering a Malaysian home.

# FOOD

- Malaysians cuisine is exotic with an exciting range of flavors and culinary styles.
- There are three main groups:
  - Malay: Rich and spicy using curry and coconut milk
  - Chinese: Mild and uses a lot of rice
  - Indian: Various spice blends.

A unique cooking style is what makes Malaysian Satays the best

# PRECEDENT STUDY

- N HOUSE
  - TWS & Partners
  - 8073 Square Feet
  - Located in Indonesia

# DESIGN CONCEPT

- Interior:
  - Traditional Interior Elements to soften the atmosphere.
  - Color and material palette using the earth, creamy color contrasting with dark aged and rusted wood appearance.

# FUNCTIONALITY

- Elaborate the continuity from the very first entrance through the fence and end to the guest living room, creating a walking experience to the visitor.
- The building envelope itself using the floor to ceiling glass skin in order to maximize surrounding view

# MATERIALS USED

- Rustic wood
- Glass
- Metal canopy
